How we partner

Ocean Fashion LLC is dedicated to supporting communities by offering a convenient and enjoyable on-demand solution for families to acquire personalized team gear without hassle. Simply schedule us for your major events, and we will supply everything needed. All we require is access to an electrical outlet and a visible 10-foot space for your registrants, and we will take care of the rest.

We provide great apparel

We started as a relabeler in the surf industry, building strong supplier connections. We attend trade shows and curate collections for our audience. You can provide your logo or let us help design one; team logos require at least 30 days for processing. We look forward to collaborating on great apparel.

How we generate revenue

A portion of the proceeds from each item sold is donated to the organization. At the conclusion of the event, total sales will be calculated, and your share, based on those sales, will be delivered either in person or sent by mail. This can be provided in the form of a check or as additional merchandise.

Online options to continue revenue

Ocean Fashion LLC will create a flyer and social media post for your event, including mock-ups. We can set up a Google Form ([Example](#)) for preorders for you to share with your registrants, enabling attendees to request merchandise for pickup and order sold-out items for shipping. A percentage of sales will be donated before and after the event.

We can manage your apparel

If you wish to manage your sales independently, consider leveraging wholesale pricing. Alternatively, you can host your merchandise on our Ocean Fashion LLC website, which will be accessible 24/7 for your customers to purchase your products. This allows you to reap the benefits effortlessly.

Insured

Ocean Fashion LLC will furnish proof of general liability insurance coverage of up to \$1 million and will list your organization, town, or city as an additional insured party. We assume complete responsibility while participating in events in person.

About Us

Greg Felber

Founder - Ocean Fashion LLC

I grew up in Fairfield County, CT, where I dedicated myself to athletics, particularly hockey. After completing my studies at the University of Rhode Island, I have proudly called southeastern Connecticut my home for the last 20 years. Throughout this period, I have spent 18 years as an educator in Connecticut, teaching 6th-grade social studies, while also being a devoted parent to my son and coaching his travel hockey tournament team the Slimy Roaches.

My entrepreneurial journey began with an extensive hockey card collection and blossomed into a passion for continuing a family business that involved relabeling surfwear and participating in the Surf Expo. My wife, Melinda, managed a decal shipping warehouse, which introduced me to the world of transfers. Following that experience, I began ordering a variety of flannel shirts and started printing them in person at country fairs and festivals. I also had the opportunity to print at hockey games and figure skating events, which resonated perfectly with my hockey background and opened a unique avenue for my business. Ultimately, I decided to forge my own path by offering custom printing of high-quality gear that brings joy to others.
